The limit on the number of children is not proportional to the number of adults when choosing the number of guests

 Attach Add a child issue Link issue

▾

⋮

Description

Steps to Reproduce: click on the guest selection field, select "family travelers" and click on the "+" opposite the "children" category;

Actual Results: the number of children is limited to 9, while the limit for adults is 36;

Expected Results: the permissible number of children is at least the same as that of adults.

Filtering by hotel price is not flexible for promotional offers

Attach

Add a child issue

Link issue

Description

Steps to Reproduce: select a hotel from the list and apply a price filter

Actual Results: the new list with the applied filter doesn't correctly display hotels with promotional offers, the filter works for the previous price;

Expected Results: the filter is correctly applied to current prices.
